SAFETY & HEALTH COMMITTEE

The primary activities of this committee will be updating regional technical reports on Safety and Health. This committee will review and update the regional data. This committee will update technical reports through discussions on:

- Improved safety & health for the region
- Safety of all modes of transportation
- Updating safety & health data reports
- Environmental Air Quality, ozone
- Strategies for reducing crashes in our region
- Develop Educational Awareness Tools
- Explore new initiatives, such as Vision Zero goals

Meeting Summary

Safety & Health Committee Meeting Summary

Wednesday, November 2nd, 2022 @ 09:30 AM

Online Meeting

Meeting Duration: 80 minutes

Attendees		
Raven Alexander, <i>Wichita Transit</i>	Alan Kailer, <i>Bike Walk Wichita</i>	Noel Schneider, <i>KDOT</i>
Jack Brown, <i>SHC Chair</i>	Jenny Kramer, <i>KDOT</i>	Vanessa Spartan, <i>KDOT</i>
Ashley Bryers, <i>WAMPO</i>	Kim Neufeld, <i>Bike Walk Wichita</i>	Dan Squires, <i>Derby</i>
Jane Byrnes	Wendell Nicholson, <i>Wichita</i>	Eldon Taskinen, <i>WAMPO</i>
George Carter, <i>Haysville</i>	Chad Parasa, <i>WAMPO</i>	Cailyn Trevaskiss, <i>WAMPO</i>
Nick Flanders, <i>WAMPO</i>	Marcela Quintanilla, <i>WAMPO</i>	Ingrid Vandervort, <i>KDOT</i>
Dora Gallo, <i>WAMPO</i>	Tia Raamot, <i>Wichita</i>	Maggie Wilcox, <i>KDOT</i>
Jolene Graham, <i>Maize</i>	Nina Rasmussen, <i>Wichita</i>	
Alicia Hunter, <i>WAMPO</i>		

1. Welcome: Jack Brown, Chair, opened the Safety and Health Committee meeting at 9:30 AM.

2. August 3, 2022, Meeting Summary

3. Agenda Items

A. KDOT Strategic Highway Safety Plan

Vanessa Spartan, KDOT explained the mission of the Kansas SHSP is to drive strategic investments that reduce traffic injuries and deaths and the emotional and economic burdens of crashes, utilizing the 4E's (education, enforcement, engineering, and emergency medical services) in a collaborative process. To read more about this plan please see:

<https://www.nhtsa.gov/document/kansas-fy-2022-highway-safety-plan>

B. Comprehensive Safety Pan (CSAP) Progress

WAMPO is planning on applying for the Safe Streets & Roads for All (SS4A) Implementation Grant in September 2023. To apply for the Implementation Grant, WAMPO must have a safety plan that was adopted or updated after 2017, but WAMPO's last such plan was completed in 2011. WAMPO issued a Request for Proposals (RFP) over Summer 2022 seeking a consultant to develop a Comprehensive Safety Action Plan (CSAP) that meets the requirements set by USDOT, so WAMPO can apply for the Implementation Grant in FFY 2023. The CSAP will identify specific projects and

strategies or complementary planning efforts eligible to receive funds from the Implementation Grant.

A Consultant Selection Committee reviewed the proposals and selected a consultant. The contract will be considered for approval at the November 8, 2022, TPB meeting. Once the contract is signed, the consultant will kick off the project extremely quickly, as the plan needs to be completed before September 15, which is anticipated to be the next due date for Implementation Grants.

C. Wichita Safety Update

Captain Wendell Nicholson, City of Wichita Police Department, presented data related to Wichita Police Department List of top ten High accident intersections for each bureau. Please refer to the [agenda packet](#) for the complete list of reports.

****Due to time constraints on this meeting, everything below this was requested by the chair to review on their own time as the meeting ended before these items were discussed. ****

D. Commuter Flows Report

When information about workers' residence location and workplace location are coupled, a commuting flow is generated. The Commuter Flows Report compiles data about the locations of workers' primary (non-home) workplaces and residences. Together, these data provide an understanding of commuter flows, showing the interconnectedness of communities and the interchange of workers and services between areas. This helps to define and distinguish the Wichita metropolitan area from smaller stand-alone communities and other metropolitan and micropolitan areas in Kansas.

Labor markets go beyond county and city lines. Every day, workers commute within various counties and cities, as well as across different jurisdictions. Certain jurisdictions within the Wichita Area Metropolitan Planning Organization (WAMPO) region have a comparative advantage in particular industries, as evidenced by the number of workers that commute to those areas each day.

The data presented in this report include cities within the WAMPO region. The data source is the U.S. Census Bureau, Center for Economic Studies, LEHD, OnTheMap from 2015 to 2019 (the most recent year available as of July 2022), unless otherwise noted. This source used information from W2 tax forms, which may have some inaccuracies.

E. WICHway

WICHway maintains a live online website (www.WICHway.org) to view the most current traffic events monitored through ITS technology. WICHway is the Intelligent Transportation System (ITS) for the highway network in Wichita, Kansas. It is owned and operated by the Kansas Department of Transportation in cooperation with many partners including Sedgwick County,

City of Wichita, City of Derby, Kansas Highway Patrol, Kansas Turnpike Authority, Wichita Area Metropolitan Planning Organization, and Federal Highway Administration.

F. Bike/Ped Counts Report 2012 – 2021

From 2012 to 2020, counts were conducted at 35 locations, and in 2021 three new locations were added. Counts were conducted at each location for two two-hour periods on either of two weekdays, Wednesday or Thursday, and for one two-hour period on Saturday. The count locations were either a screenline (a line across a path or road the crossing of which is counted) or an intersection (where passage through the intersection in any direction is counted). WAMPO enlists support from approximately 70 community volunteers each year to collect this information.

This is the first year WAMPO is using these counts to represent larger swaths of time and traffic, projecting from daily counts to represent and analyze daily, weekly, monthly, and yearly volumes and averages. These counts and their methodology are based on national standards from the National Bicycle and Pedestrian Documentation Project. This methodology allows planners to predict the AADT (Average Annual Daily Traffic) for bicycle and pedestrian counts each year.

WAMPO has developed an accessible [online interactive map](#). The interactive map will allow for public access to past count data and current projections. All the bicycle and pedestrian count data, analysis, and projections are compiled in a comprehensive report, the [WAMPO Bicycle and Pedestrian Projections Data Report 2012-2022](#).

4. Open Discussion

None.

5. Meeting adjourned at 10:50 AM

The next regular meeting will be held on February 1st, 2023, at 9:30 AM.
